

Entrepreneurial Training Services at Florida Tech

*Are you an aerospace worker in transition?
Do you have an entrepreneurial spirit?
Are you looking to gain new business skills?*

Explore a new career. Take part in practical, hands-on workshops and training seminars.

ALL SERVICES ARE FREE TO QUALIFIED WORKERS

- Explore entrepreneurship as a career path.
- Assess your talents, interests, and preferences.
- Learn from successful Brevard County entrepreneurs.
- Gain new skills through “real world” business training.
- Get answers through career counseling and mentoring.
- Gain access to helpful business resources.
- Develop a professional business plan.
- Present your business plan to small business experts.
- Pursue an award for a full tuition scholarship in Florida Tech’s online MBA Program.

Free Services:

Workshops. Explore being an entrepreneur; discuss business ideas and opportunities; assess personal talents and interests; and hear success stories from local Brevard County entrepreneurs.

Seminars. After the workshops, take part in “real world” business seminars. Learn from experts the basics of marketing, finance, and operations for business startup. Develop your own business plan.

Counseling. Meet with a counselor at your convenience for career advice and small business guidance.

Mentoring. Meet with experts one-on-one at your convenience as part of the business planning process.
